SUMMARY

Highly motivated Computer Information Systems graduate with a proven ability to collaborate effectively and deliver results. Possesses a strong knowledge of a wide array of programming languages, systems and networking equipment. Eager to leverage experience, skills, and education.

EDUCATION

Diploma, Computer Information Systems

Okanagan College, 2024

Certificate, Audio Engineering

Okanagan College, 2021

SKILLS

Frameworks & Tools: Git, Apache, AJAX, jQuery, Tailwind, Bootstrap, Bash, Maven, Azure, Linux

Languages: Java, C, C#, VB.net, HTML, CSS, PHP, JavaScript, SQL

EXPERIENCE

Student, Network Infrastructure

Interior Health, May 2023 – Aug 2023

- Supported the Network Infrastructure team in the setup and configuration of networking hardware such as routers, switches, firewalls, and access points.
- Applied solutions to unique problems on-site at Interior Health facilities.
- Participated in a project documenting the inventory of older hardware in Interior Health facilities.

Board Operator

Bell Media, June 2021 – June 2022

- Communicated with clients for planning and setup of live on-air events.
- Solved connection issues during live on-air events, adapting to changing scenarios.
- Supported on-air requirements of hosts as needed.

Prep and Line Cook

Boston Pizza, October 2016 – May 2023

- Maintained a quality product in a fast-paced team environment as a Line Cook over six years.
- Given the responsibility of closing the restaurant, instructing kitchen staff on duties and timeframes.
- Regularly communicated key information in a kitchen setting to ensure proper workflow.

PROJECTS

Secure Document Vault

- Developed a secure web-based application for a local law firm using HTML, CSS, PHP, Tailwind and JavaScript, including unit testing with JUnit and PHPUnit.
- Collaborated effectively with a team of five, conducting weekly sprint and client meetings translating user stories to tasks.
- Utilized Microsoft Azure for database management and file storage purposes.
- Demonstrated technical communication skills contributing to the writing of both a developers guide and user manual.
